Please include "GET SOLAR: Question" in the subject line of the email.

The Pennsylvania Solar Center (PSC) is a project of our fiscal sponsor New Sun Rising (NSR), a 501(c)(3) non-profit. Our purpose is to advance solar energy in the state by educating the Pennsylvania public about solar energy technology, resources and policies, and by offering technical assistance and programs to rapidly escalate the number of Pennsylvanians who benefit from the solar energy economy. The G.E.T. Solar initiative is made possible through generous funding from The Hillman Foundation.
